

# The Garden Island.

ESTABLISHED 1904. VOL. 17. NO. 37.

LIHUE, KAUAI, TERRITORY OF HAWAII, TUESDAY, SEPTEMBER 20, 1921

SUBSCRIPTION RATES, \$2.50 PER YEAR 5 CENTS PER COPY

## WORK TO START ON PARISH HOUSE

A new parish house to be erected in the Lihue Union Church grounds by Mr. and Mrs. S. W. Wilcox in memory of their two sons, will be commenced very shortly.

This gift to the community will fill a much needed want. The building will be 35 feet wide by 92 feet long, built of lichen, covered with Hawaiian stone, and will have a stage and auditorium with a seating capacity for about 400. In the rear of the auditorium there will be a balcony; under this balcony there will be sliding doors so arranged that the space can be turned into two rooms.

A kitchen and two more rooms are provided which will be available for Sunday-school or committee meetings.

The building will be ornamented by a tower near the entrance door and a broad cement lanai running along the front. This lanai will be capable of taking care of the overflow in the event of a very large gathering, the window arrangement being such that it is easy to see into the hall.

The architect Hart Wood, of Honolulu, has given special attention to acoustics. This will be appreciated by lovers of music, who will look forward to future concerts.

Mr. and Mrs. Wilcox with Mr. Wood and S. B. Goss, the contractor, staked out the site of the building last Saturday and work will commence this week.

## TWENTY BOYS EARN WEEK AT CAMP

Twenty boys on Makawili Plantation had their first real trip and camp in the mountains last month, when the plantation awarded these boys a week at Mr. Baldwin's mountain house for having the best work and general behavior record during the summer. The camp was under the supervision of Mr. Damkroger, the director of Y. M. C. A. work.

From the time the boys arrived in the mountains, Sunday, September 4th, until they left on the following Saturday, they were on the go every minute and could hardly decide what to do next, as there was so many good times to choose from—hikes, games, play-ball, boxing, swimming, fishing and other sports crowded into one week that every boy attending said it was the most joyous one in their lives. The routine program consisted of:

7:00 a. m.—Reveille.  
7:15—Setting up exercises.  
7:30—Inspection.  
7:45—Breakfast.  
12:00 noon—Dinner.  
5:30 p. m.—Supper.  
9:00 p. m.—Taps.

The group was divided into five squads—Cats, Tigers, Giants, Muttis, and Jeffs, with leaders in charge of each, which took turns doing "Kaye" and cleaning up. One day a war game was scheduled between the "Irish and the English", captained by August Cabasania and Kinishi Nishimura. The Irish proved too strong for the English, capturing their fort, flag and entire army. Another day a hare and hound chase was pulled off with Haree Kuromoto and Kiyoshi Takahashi as hares. The hounds, the remainder of the campers, soon located the hares' paper trail and after a hot chase captured them. Playground ball had reign over all the games and every day several matched games were played. A Boy Scout knife was awarded to the best camper.

Oh, yes! the kau kau it was great! Every boy had his fill every meal, three meals a day, seven days during the week. Cook Ikeda sure knows how to serve it up to please the boys. Joe Katsonoma was a guest at the camp for two days and the boys tried to persuade him to stay longer.

Each evening during the week a program of stunts, stories and other activities, was enjoyed, either around the camp fire or in the house when it rained. Several of the boys were initiated into the order of the "Snipes", and for the first time tried to capture some of the elusive "birds." It was the decision of every boy present that he would try doubly hard to make next year's camp, as there is no doubt, as soon as the other boys on the plantation learn what they missed, every one will work harder to be included amongst next year's campers.

## Kapaa Notes

The Kapaa school opened its 1922 school year with 724 pupils, and 24 teachers, as compared with 625 pupils and 21 teachers at the same period last year.

Due to the fact that the county authorities failed to open bids in time, the three new bungalows for the Kapaa school were unfinished when school started on Monday. As a result several classes are being taught in the open yard, but Jupiter Pluvius has been good enough not to interrupt the proceedings. The bungalows ought to be finished this week.

Alvin Branco of the Kapaa branch of the Bank of Hawaii, left last week to spend several weeks vacation in Honolulu.

So much has been heard about the high cost of not only necessities, but also of luxuries, coming down gradually to a pre-war basis, that we were shocked recently when the local theater announced that a rise in the price of admission was to take place. It used to be 35 cents for so-called reserve seats, but its 40 cents now. General admission has also gone up in proportion.

Y. Shida, local drygoods merchant, has installed a complete Delco Lighting System in his large store. He used to light the store with carbide lamps.

Manuel A. Aguilar Jr., former representative, is a great fisherman, and went angling all alone last Monday night for big game. He got something on the line and started to haul it in, thinking that his catch must weigh several tons. He kept on pulling and tugging at the line all night but of no avail, as this all happened in a dream he had that night.

Eddie Fernandez and his merry-go-round left here last Thursday for Kilauea after a week's stay.

Junichi Teroaka, official scorer of the Makes and assistant manager of the Kapaa Trading Store, wears a perpetual smile these days as his wife gave birth to a baby boy last week, the first child to arrive in the family.

T. Matsura, heaviest of the heavy weight wrestlers in this district, last June saw the need of economical and comfortable transportation facilities for children living here and attending the Kauai high school in Lihue, and invested in a specially equipped Ford to meet the demand for transportation when school opened. Tsune's "rapid transit" is crowded to capacity for five days a week now.

## NEW Y. M. C. A. MAN COMES

Neil Locke, the new secretary of the Kauai Y. M. C. A., arrived by the Kinau this morning. He was accompanied by Mrs. Locke and their two little daughters. Mr. Locke arrived in Honolulu on the Matsonia, a week ago and remained there to attend the meeting Pan-Pacific week and the quarterly meeting of the territorial executive committee of the Y. M. C. A.

Mr. Locke is an experienced country or rural Y. M. C. A. secretary, having been engaged in this form of work for the past eight years. For two years he was associate state secretary in charge for organizing new counties in California. He gave up this work because of his desire to work in a new field where he could be in closer contact with boys and men.

It is the plan of the county committee to carry on the work on an island-wide basis and Kauai is fortunate to get a man of Mr. Locke's training and experience. The county committee will meet Thursday night at the home of the chairman, Dr. A. H. Waterhouse at Koloa.

Mr. and Mrs. Locke will live at Papalahoe, G. N. Wilcox' beach house, until the new Y. M. C. A. cottage is built.

## MRS. HORNER ENTERTAINS

Last Saturday afternoon Mrs. Foster Horner of Kealia gave a bridge party to a number of the new teachers in the Lihue, Hanalei, Kapaa, and Kealia districts. About 20 of the new pedagogues attended.

## IMPORTANT MEETING OF AMERICAN LEGION

Kauai Post No. 2, American Legion, will hold a meeting at the county court house on Wednesday evening, September 28. This meeting is a very important one as the report of the delegates to the departmental convention will be read and the committees for the Legion's armistice day celebration will be appointed.

The officers of the post are anxious to have every member of the post present at the meeting, as Albert Bush, a member of the post, has been chosen a delegate to the national convention that is to be held in Kansas City next November. It is hoped to get all the members' ideas on ways to advertise the territory and Kauai to the convention and perhaps a novel and forceful method of presenting the territory needs to the convention.

## KAUAI APPOINTMENTS

Dr. R. H. Hagood of Kealia, and Mrs. A. R. Glaisyer of Kalaheo have been appointed by Governor Wallace R. Farrington as members of the Child Welfare Board. They are to serve with Emil Berndt of Oahu, Rev. Ernest G. Silva of Hilo, Mrs. D. D. Wallace of Kona, Hawaii and Mrs. B. D. Bond of Kohala, Hawaii.

John H. Milkiff of Lihue has been appointed as a member of the industrial accident board from Kauai.

The above appointments were made by the Governor last week and confirmed by the Republican central committee.

## NUMEROUS TEAS GIVEN IN MRS. MIDDLETON'S HONOR

Mrs. Robert F. Middleton, one of the newest brides of our community, has been the motif of a number of social afternoons recently. On Thursday afternoon of last week Mrs. J. H. Moragne gave a bridge tea in her honor. On Friday afternoon Mrs. E. Swan also entertained in Mrs. Middleton's honor.

The Middletons have recently moved into their new home between W. H. Rice, Jr.'s residence and that of C. J. Dow at the wireless station.

## ENTERTAINS AT PUHI

Home talent from Grove Farm, assisted by a few friends, gave a very pleasing program at Puhi Hall on Saturday evening. The children's play, "The Queen of Hearts," was rendered with good spirit by the small actors, in quaint and colorful costumes.

A comedy, "No Pay, No Cure," gave the audience some good laughs and reflected great credit on the performers. Messrs. M. Fernandez, J. Silva, F. Texiera, J. Riposa and A. Riposa. A charming fairy dance was given by Miss Edith Sloggett, a vocal solo sweetly sung by Miss Harriett Tokito, and a song and dance in Chinese costume gracefully performed by Miss Rose Marie Silva. Musical numbers by the Riposa brothers in comic makeup brought forth great applause from the audience. An excellent orchestra with Frank Fernandez at the piano filled out the program. This was followed by an hour or so of dancing.

## ACCIDENT AT BEACH

Dorothy Stoltz, a teacher in the Elele school, was painfully injured when she was knocked down by the breakers while bathing at Port Allen last Sunday. She was rushed to Elele hospital and when examined it was found that she was suffering from a dislocated shoulder.

Miss Stoltz was a member of a party of bathers and was standing in water waist deep when she was knocked down by the comb.

The Hanapepe beach has never been a popular spot due to the fact that it is considered very treacherous and the fact that the waves break very suddenly and forcefully. This is the first accident at the beach this season and it is more than likely there would have been more but for the fact that Elele swimmers have been doing most of their bathing at the Waimea beach.

## KINAU BRINGS MORE MACHINERY

The additional machinery for the Nawiliwili breakwater was received via the Kinau last Friday morning, consisting of one steam shovel and some dump cars.

This practically completes the equipment for the breakwater and when the steam shovel is set up and in operation the laying of the first stone will be an event of the very near future.

The two locomotive cranes are completely assembled and are now in operation. It is an interesting sight to see the larger crane pick up a ten ton boulder as if it were a pebble and then place it in position with the same ease.

Just now the work is being centered on moving the camp and club house to the new location out on the point by the quarry and extending the railroad toward Niumaulu. It is planned to start a new quarry on the Niumaulu side of the point in case that enough rock could not be quarried on the Makai side.

Major Johnstone, the U. S. engineering officer for the territory, has agreed to give the Kauai Chamber of Commerce two weeks notice before the first stone is laid so as to give the chamber ample time to prepare the celebration.

The chamber has invited Governor Farrington to attend and he has signified his intention of doing so. Other territorial officers will be in attendance and it is the idea of the chamber to make the celebration fitting for the occasion. It is hoped to have the annual banquet of the Chamber of Commerce either the night before or the night of the celebration as the case may be, and an address by the governor to be the main feature of the evening.

## ANNUAL MEETING CHAMBER OF COMMERCE POSTPONED

The annual meeting of the Kauai Chamber of Commerce, which according to the by-laws, should have been held in August, has been called by President Lyle A. Dickey for 3:00 p. m., Thursday in the county building. The delay was caused by a plan of uniting the annual meeting with a ceremony at the beginning of actual work on the Nawiliwili breakwater, which it was thought might be in August or early in September. However, important matters prevent any further delay. The Press Congress will be held in Honolulu next month and the annual meeting may consider what Kauai is to do for its possible guests. The annual election of officers will be held when a slate will be presented by B. D. Baldwin, chairman of the nominating committee, and other important business will come before the meeting.

## BOOKS CALLED IN

The Lihue library wishes to have all books belonging to it returned as soon as possible, for re-organization that the fall work might begin unhampered. The library will function this year as it did last, but must first be put in order. Kindly return any books which you may have, at once.

## LIHUE UNION CHURCH

A public reception, in the form of a garden party, will be given to all "The New Comers" of the community on the church lawn, Wednesday afternoon, 3:30 to 6. If you have not been personally seen by a member of the committee, accept this as your personal invitation and be present.

Regular Sunday-school and church services next Sunday morning. The pastor will speak upon "The Best Loved Book of the World." It is very gratifying to see so many who are taking an interest in the things of the church and its services this fall. However, there are "others" who are not yet enjoying the fellowship of the church. To such a very cordial invitation is extended that you may share in its privileges. The church wishes to serve the whole community.

## Personals

Dr. A. H. Waterhouse will entertain at dinner in Koloa, the Kauai Y. M. C. A. committee, on Thursday evening, September 22, to meet Mr. Locke, the new Y. secretary.

B. F. Goldwater has made his quarterly trip to Kauai and returned to Honolulu last Tuesday night.

H. Napoleon is spending a few days in town, combining business with pleasure, he says.

Dr. Chang made a business trip to Honolulu last week. He purchased a number of new and up to date office supplies. Dr. Chang is now located permanently at Kapaa. He is a graduate dentist from Northwestern University.

Miss Eileen McCarthy returned to Honolulu last week, after spending a few weeks with her sister, Mrs. Frank Burns, of Kealia. Miss McCarthy is a daughter of former Governor Charles J. McCarthy.

C. W. Spitzer, director of the Nawiliwili garage, returned to Honolulu last Tuesday after a short business trip to this island.

W. N. Stewart made a day-trip to Honolulu last week. He reports that Honolulu is dryer and hotter than Kauai.

Mrs. John Hind, mother of Mrs. Adrian Englehard of Lihue, returned to Honolulu last Tuesday after a two weeks' visit with her daughter.

Ernest Cropp, manager of Koloa plantation, was called to Honolulu on business last week.

Gaylord Wilcox, treasurer of the American Factors, is making a short visit to Kauai.

Mrs. Addison Doyle of Milnor, North Dakota, mother of Mrs. Ralph W. Bayless, arrived from her home on the Matsonia and is now in Lihue enjoying a good visit with her daughter, whom she has not seen for five years. Mrs. Doyle plans on remaining for some months in Hawaii.

Mr. and Mrs. A. B. Browne were week end guests at the Robinson mountain home.

Mr. Tule, who arrived from the mainland last week is to be superintendent of the planing mill at Port Allen.

Eric Knudson, Charles Blackstead and H. H. Jones spent an enjoyable week-end in the mountains hunting. Five trained pig dogs were taken along with the result that the total score was 3 pigs, 1 goat. Some game!

After October 27th, those not possessing the new territorial license will have to explain to the judge, which may be an expensive procedure for the motorist. The old license can still be exchanged at no extra cost until October 27th.

Henry Aki, inspector of chauffeurs, expects to be working overtime to see that the dimming and license laws are enforced.

Attorney Eugene K. Aiu of Kapaa, who has been in Honolulu for a week on business, returned last Friday morning.

Frank Broadbent was a returning passenger Friday morning.

Judge Henry Van Giesen, district magistrate of Kapaa, returned Friday from a brief visit to Honolulu.

Mrs. Fred Carter, who went to Honolulu two weeks ago to enter her daughter Eileen in a school there, returned last Friday morning.

Rev. J. M. Lydgate and Mrs. Lydgate returned from Honolulu this morning. Mr. Lydgate has been on Hawaii for several months.

Lloyd R. Kilam, general secretary of the Honolulu Y. M. C. A., arrived this morning for a brief visit.

Mrs. C. G. Kuhlmann, who has been visiting in Honolulu for the past two months, returned this morning.

The McBryde Sugar Co., store is erecting a modern service station for gasoline, oil, water, etc. This will be the most modern station on the island. In a few days they will be in a position to care for the public.

## FISH AND GAME CLUB FORMED

Last Tuesday night, Dr. J. M. Kuhns celebrated his birthday by giving a Chinese dinner to about 35 men from different parts of the island. The dinner was given with a double purpose—the celebration named and to organize a fish and game club on the island.

The doctor is a psychologist. He knows that if you give a man a good feed you can get him to do anything. And it proved true with the host of men assembled in his dining room last Tuesday night. After they were given all the delicious Chinese foods they could consume they were ready to tackle anything from a game club to the mandate problems.

Dr. Kuhns has been interested for some time in the preservation of game on Kauai. He had noticed that some of the best game birds are rapidly disappearing and that many hunters are illegally killing game out of season, hunting without licenses, etc. To check these things he proposed that a game and fish club be organized.

And so the Kauai Fish and Game club was organized with all the people present at the dinner as charter members. Dr. Kuhns was elected president by acclamation. A. Horner, Jr., acted as temporary chairman and appointed Philip Rice, H. D. Sloggett and J. M. Kuhns as an organization and nominating committee.

The committee appointed Frank Crawford as vice president and A. Horner, Jr., as secretary and treasurer. It nominated as an executive committee in addition to the above named officers, J. H. Conroy, R. D. Israel, J. M. Spalding and E. H. Broadbent. As a finance committee it recommended F. W. Jennings and Adrian Englehard.

All of these nominations were unanimously accepted by the club. The finance committee got busy immediately. It made every man present dig down into his jeans and bring up a dollar. That was, Mr. Jennings said, so that the committee would have a little fuel to run on until a more perfect organization could be formed.

It is hoped that this club will become a large and influential one. A membership committee was appointed so that new sportsmen from all parts of the island could be enrolled. The following were appointed: L. D. Larsen, A. Horner, Jr., Fred Trowbridge, W. T. Dunn, E. H. W. Broadbent, C. B. Hofgaard, R. D. Moler, A. H. Waterhouse and W. F. Sanborn.

During the evening the needs of the various types of desirable game on the island were discussed, particularly concerning the protection and the increase of wild duck and quail. Methods of securing law enforcement and protective legislation were also much mooted topics.

The club decided to hold its annual meeting on September 13, the birthday of the founder of the organization. It was also decided to hold a dinner session on the third Saturday in September. Dr. Kuhns appointed a committee of ten to provide the necessary meat in the form of pheasants, for this session.

During the evening it was mentioned that the men from the Waimea side of the island had previously formed a gun club, which enrolled as members many from this side of the island. The Kauai Fish and Game Club expressed a desire to co-operate with the Waimea club in all matters pertaining to game protection and increase.

## A CORRECTION

Last week a notice in these columns stated that the Public Utilities Commission had granted the local telephone company an increase in their rates for residence telephones. This statement, copied from the Honolulu papers, was wrong in that the change in telephone rates which takes place October 1, affects only the business telephones.

The telephone company in applying to the Public Utilities Commission for an increase in rates asked for an increase in its charges for business telephones only, feeling that, as the heaviest users of its services, the business telephones should be required to pay more than telephones installed for home use.
